“ Oh my goodness. 'Flo' was always such a joy to be around. I will never ever forget her sweet heartfelt compassion for us when we lost our little Jase in August 5, 1983. And then to know that Haley named her little one 'Jayse.' I have so many sweet memories from sitting in Flo's kitchen table with the family in Rainsville and in Geraldine. I always felt like one of the family. And in all the years since, I never saw Max and Flo when I wasn't met with open arms. The earth has lost another jewel who is better suited for the heavenly. May God give you comfort and peace during this loss.

“ I loved sitting at the bar in her kitchen waiting for the cake she had cooking. She was a great listener and helped me through my teenage years and all thru my life. Loved her very much.
